ENVIRONMENTAL IMPACT

OUR COMMITMENT TO SUSTAINABILITY

Making less of an impact and doing good go hand-in-hand with success. In fact, studies show that companies who are both socially and environmentally conscious make more money and have long-term viability.

LOFTwall is committed to being an environmentally and socially conscious company that contributes to a clean and safe environment for its employees and customers. We are forging an integrated path where we embrace the triple bottom line approach to business, delivering value across social, environmental and economic platforms.

At LOFTwall, we have evaluated sources of waste generated and created a procedure for elimination or minimization through recycling, re-engineering, process modification or reduction. Waste not acceptable for recycling is disposed of safely and responsibly within local, state requirements and environmental recommendations.

MATERIALS

At LOFTwall, we evaluate our suppliers' deliverables and processes for adherence to our company's environmental criteria. In striving for sustainability, LOFTwall's cardboard container suppliers have noted that on average, 60% of the goods supplied are manufactured from recycled materials. Our aluminum frames are manufactured from 75% post consumer/post industrial recycled aluminum.

LOFTwall has eliminated harmful Volatile Organic Compounds (VOCs) produced from liquid paints and spray adhesives, through the use of water based/ applied adhesives and powder coating finishes. Powder coating was developed as an environmentally friendly alternative that improves durability. We have taken powder coat to the next level with the inclusion of Dyecoat finish options. This process is the coating and decoration of aluminum and steel with aesthetic or wooden patterns and designs.

In coordination with our vendors, LOFTwall recycles all aluminum, cardboard, and steel accumulated from our internal manufacturing process.

OUR FACILITY

Through the use of a high-efficient HVAC, new lighting, and new plumbing systems, LOFTwall is reducing its energy consumption at its showroom and assembly facility. Through annual internal energy audits, we continue to try to reduce our consumption.

With additional recycling of plastic, cardboard, aluminum, scrap steel and wood pallets, it is clear LOFTwall shares the concern of protecting the environment.

LEED RATING SYSTEM

LOFTwall is a proud member company of the U.S. Green Building Council (USGBC), a national non-profit committed to transforming the built environment. USGBC and its community are changing the way buildings and communities are designed, built and operated.

We believe in better buildings; places that complement our environment and enhance our communities. Places that give people better, brighter, healthier spaces to live, work and play.

Since the USGBC and its certification partner, GBCI, evaluate each project individually, the role our products play in achieving LEED certification will be unique to each project. Depending on which LEED rating system and which credits you pursue, LOFTwall may contribute toward certain LEED points, including Materials & Resources credit 4 - Recycled Content and Indoor Environmental Quality credit 4.5 - Low-Emitting Materials- Furniture & Furnishings. Our LOFTwall frame is 75% recycled aluminum and the panels have low Volatile Organic Compound (VOC) content. For more LEED information, please visit our Website.

WAVE

Add an element of motion to your space with Wave. The unique and visually stimulating design adds aesthetic and function to your space. The arrangement of undulating panels provide a visual barrier yet allow air & light to pass through openings. The design functions as a filter, the curved shape of the panels dampen sound and redirect ambient light to pass through the screens openings.

TERMS & CONDITIONS

Eligibility

LOFTwall products are sold in the United States, Canada and Mexico through authorized furniture dealers. Possession of this price list does not constitute authorization to sell and/or purchase products listed herein.

Credit & Payment Terms

Pre-payment is required on the first three(3) orders. Orders over \$5,000 net require a 50% deposit, with the balance due prior to shipping. Credit Terms may be established after completing three orders in an annual period. New account orders in Texas must be accompanied by a State Resale/Exemption Certificate or sales tax will be charged. The credit approval process may take up to twenty business days. Orders will not begin production until credit approval is complete unless prepaid. LOFTwall may review change or cancel credit terms and/or request advance payment at any time.

Terms

Standard terms with open accounts are net 15 from the date of invoice unless otherwise arranged. Orders over \$5,000 net require a 50% deposit, with the balance due net 15. All past due accounts will accrue a 1.5% per month service charge. LOFTwall reserves the right to withhold production or shipment of completed products due to any past due invoices or credit limit.

Prices

All prices listed are effective on the date printed and supersede all previous contract price lists and/or brochures. Prices do not include storage, installation or freight. See freight policy for details. Product specifications and pricing can change at any time without prior notice. Minimum invoice amount is \$50 net.

Custom Products

LOFTwall has made every effort to offer a range of standard configurations. We welcome the opportunity to provide a custom quote based on your design or project. Please contact us for details. LOFTwall cannot be responsible for space layout/design of products. We can provide recommendations based on your input. Custom products cannot be cancelled or returned. Custom products may require a deposit before production.

Storage

Items held in warehouse for more than 30 days after scheduled ship date are invoiced and storage charges may be assessed. Storage fees are 20% per month based on the net total.

Purchase Orders

Orders may be placed by Fax: to (214) 446-6911 or Email: info@loftwall.com. Orders must be confirmed in writing with a signature of authorized buyer before production.

Minimum order charge of \$50 net for orders totaling under \$100 net.

Order Acknowledgement

All orders are acknowledged as LOFTwall interprets them. Acknowledgements are sent via email. It is the customer's responsibility to note any discrepancies on the acknowledgement and notify LOFTwall within 48 hours. If LOFTwall does not receive a signed approval sheet or notification any changes within 48 hours, we will assume the order is correct and are not responsible for changes or errors. Any order that is time sensitive or requires any special instructions, please note instructions and/or requirements on purchase order and we will make every attempt to accommodate your request. LOFTwall is not responsible for any labor charges or installation fees if the shipping date does not meet your requirements.

Order Changes

All requests for changes to an order must be submitted in writing. We will make every attempt to accommodate your changes. Any change to an order may be subjected to a revised scheduled ship date and/or additional charges for materials and labor or rework.

Cancellations/Returns

All requests for cancellations or returns must be submitted in writing for approval by LOFTwall. Please include the following information with your request: Copy of your original sales order and reason for requested cancellation or return. Custom fabricated items cannot be returned. A cancellation acknowledgement will be provided after approval stating that the order has been cancelled. All cancelled orders and/or returns are subject to a 50% restocking fee.

Orders Approved For Return

An RMA (Return Materials Authorization) will be sent via fax with details for return. All products must be packed as they were originally received and returned freight prepaid to our factory unless otherwise noted on RMA. Customer is responsible for any additional damages in transit due to improper packaging. No collect shipments will be accepted for any reason. Please clearly mark all packages with RMA# to expedite RMA process.

Freight

Products may be shipped in compliance with the National Motor Freight Classification Code. Products ship unassembled. Freight is prepaid on a dock to dock basis for all orders. All orders under \$2,500 net are a flat shipping fee of \$85 net per divider product and will be added to the invoice. LOFTwall shall not be held liable for delays caused by strikes, catastrophes, wars, riots, or another cause beyond our control.

Additional Freight Charges

All products are shipped FOB our factory based on a dock delivery only. Additional expenses will be debited from customer account and billed on a separate invoice as "shipping/handling." Examples of additional expenses are: inside delivery, residential delivery and lift gate requirements all have variable charges.

Delivery Inspection

Failure to inspect product at time or receipt, note damages on delivery receipt and/or notify LOFTwall of damages within 7 days of the original date of receipt constitutes acceptance of products and a waiver of all claims. Neither LOFTwall nor the carrier will be responsible for concealed damage claims if shipments are left unopened. Concealed damage must be reported within 7 days from delivery to be valid. Any concealed damage reported after 7 days will not be accepted by LOFTwall and is the responsibility of the customer.

Damaged Freight

All products are loaded on carrier trucks free from defects and/or damage. Responsibility of safe delivery and transport is assumed by the carrier upon loading. It is the customer's responsibility that all cartons, crates, and packages be opened and inspected at time of delivery for damages or shortages regardless of condition. Any damages found during inspection must be clearly noted on the delivery receipt. The carriers should be notified and all packages left in original condition as received for inspection from carrier. LOFTwall factory should be notified immediately. All freight claims are to be processed with the carrier.

Warranty

A Limited Lifetime Warranty applies to products manufactured after June 1, 2009. Warranty is given to the initial purchaser and is valid for as long as the product is owned by the initial purchaser. The warranty, which runs from the date of manufacture, covers defects in materials and craftsmanship found during normal usage of the product during the initial warranty period. If a product is defective, and if written notice of the defect is provided to manufacturer within the Warranty Period, LOFTwall at its option will either repair or replace the defective product with a comparable component or product. Defective product shall be returned at the discretion of LOFTwall, and all returns must be authorized in writing in advance including a Return Materials Authorization Number. LOFTwall assumes no responsibility for labor charges. Freight charges for defective products and parts will be covered by LOFTwall within the 48 continental United States with the method of shipping at LOFTwall's discretion. The limited LifetimeWarranty applies to all products except as listed below:

This warranty does not apply to damage caused by a carrier's alterations to the product expressly authorized by LOFTwall. It also does not apply to "Customer's Own Material" (i.e. material supplied by the customer that is not a standard LOFTwall product offering) used in the manufacture of LOFTwall products. LOFTwall does not warranty the matching of color, grain or texture except to within commercially acceptable standards. A product will not be considered defective and LOFTwall will not be obligated to replace it, if the product is not installed or used as recommended by LOFTwall.
