

TrendWall® Clear

Trendway

Clear Definitions.

TrendWall Clear, a sleek floor-to-ceiling storefront solution featuring frameless glass — combines high-end aesthetics with high functionality.

Clear Sophistication.

Simple, elegant, impressive — TrendWall Clear imparts an upscale ambience to every environment. The pure flow of glass storefront and transparent corners clearly defines space while complementing any architectural setting.

TrendWall Clear divides and defines space using a combination of aluminum framing elements, architecturally inspired doors and 1/2" tempered glazing. This wall system supports modular power and data, or can be hardwired in the field. With so many options, TrendWall Clear can meet your many personal and functional needs while supporting your sustainability strategies.

Tax Advantages

Be sure to investigate the tax codes in your area, too. TrendWall Clear may save you bundles in taxes — movable walls are often classified as "tangible property" which can be depreciated over just 7 years, vs. drywall's 39 years. That's a big difference! See your tax consultant for details.

▲ TrendWall Clear can blend with traditional TrendWall when enhanced privacy, power/data access or design flexibility are desired.

▲ TrendWall Clear defines and divides space while providing a transparent aesthetic with full access to daylight and exterior views.

TrendWall Clear lends upscale sophistication to every space.

Clear Benefits.

- Full-height Pivot Doors and Flush or Full-Lite Sliding Doors to meet unique needs.
- Exceptionally easy to install, with a simple, tool-free glass mounting design.
- Glass/Glass corners bring greater visual access for users while enhancing the environment.
- All extruded aluminum framing elements can be specified in Satin Etch (brushed aluminum look), or one of Trendway's many powder coat finishes.
- All 1/2" tempered glass inserts are available in 3 distinct colors: Clear, Low Iron (colorless), or Frost.

Beautiful architectural door options.

Extruded aluminum frame in a selection of finish options.

Glass corners for open aesthetic, visual access.

Refined architectural details add sophistication.

DOOR OPTIONS

Clear Pivot Door with 72" Ladder Pull.

Clear Sliding Door with frame and D Pull.

Flush Sliding Door with D Pull.

Maximize Performance by Combining TrendWall Clear with our Raised Access Flooring.

Access power and data virtually anywhere within the system grid. Modular floor elements rise 2" above existing subfloor.

TrendWall® Flooring Solution makes reconfiguration easy, with power and data accessible from anywhere in the room — by removing a floor access panel. The low 2½" profile and non-metallic modular construction make it a practical and cost-effective cable management system, whether used in new construction, renovations or integrated into existing spaces.

Choose pre-wired, field-wired or PowerPac floor access.

From training spaces to conference rooms to open environments, our raised access flooring can save you time, money and headaches with every move and reconfiguration you require.
